

30 years of experience in banking and finance. Kevin has MBA's from INSEAD (France) and Tsinghua University (China). Specialized professional training in the banking and securities industry includes receiving FINRA designations Series 7/63, 82, and 65.

Kevin founded QuantFi in 2019 in order to provide financial institutions with access to quantum computing research and product development specifically designed for solving complex financial problems.

QuantFi (along with its strategic partner QURECA) created the first online platform for training in quantum finance for banks. QuantFi has taught 2-4 day live training courses to major global financial institutions, created a number of interactive tutorials in a variety of quantum finance topics and as well as a library of various quantum algorithms used in finance.
